COVID-19 Update: Continued Support, Service and Shipping

At this time, due to the COVID-19 global pandemic and impact on the state of Illinois, we have been mandated by our state government to limit access by employees to our business through May 30, 2020.

Per the Illinois Executive Stay at Home Order, since we are a supplier of essential products for critical industries, we will have a skeleton crew on site to ship and receive products, to service our loyal customers

Most of our employees continue to work remotely from their homes. This ensures our customers get continued service from our technical support, customer service, quotations, sales and marketing team members.

We wish you and your family continued safety and health in these trying times. Let's all continue to follow the guidelines of the CDC and government, to work together to flatten the COVID-19 growth curve.

We will continue to monitor the situation and advise accordingly.
