

CG APPLICATIONS

CARLO GAVAZZI

Application Note :	November 2011
Market involved :	Doors & Access Controls
Product :	WSM, WSS, PB11
Customer :	--
Subject :	Doors in public area

CUSTOMER ISSUE :

Door applications with spiral cables in public places, such as car parks and business streets, are often exposed to vandalism or accidental damages mainly due to their easily accessible positioning.

OUR SOLUTION:

By replacing the spiral cable with Carlo Gavazzi Wireless solution, these doors are less exposed to damages, ensuring a secure and reliable operation.

ACHIEVED BENEFITS:

The spiral cable is not stock on adjacent products avoiding any damage.
