

November 2022

Ref: Product Discontinuation / End of Life Notice

As Carlo Gavazzi develops and introduces new products to best serve our customers, we continually review the product lifecycle of the existing portfolio. As we navigate these unprecedented times, on occasion critical components become obsolete or difficult to obtain.

To adapt to changing market conditions and to streamline our offering, Carlo Gavazzi is announcing the discontinuation of our WM12 and WM14 energy meter families. The last time buy date is limited to inventory on hand and available on a first come first served basis.

Carlo Gavazzi offers several suitable alternatives with matching and advanced features, readily available and at competitive prices, including our WM15 and EM530 series. Please see the next page for items impacted. For assistance in selecting an appropriate model, please contact the Carlo Gavazzi Controls team at controls@carlogavazzi.com, or visit our website at <https://www.gavazzionline.com/CGNA/energy/digitalplatform>.

Sincerely,

Mauro Dresti
